

Organization Name	Type	County/City	Contact/Website	Requirements
Imec	Research institute in nano electronics, semiconductor technology, and digital innovation	Belgium, Leuven	https://www.imec-int.com/en/work-at-imec/master-thesis-internship	Applicant must be enrolled as a student for the full duration of the internship; Internship duration: 3-18 months
Tartu Observatory	Space center and research institute which focuses on astronomy, remote sensing, and space technology	Estonia, Toravere	https://kosmos.ut.ee/en/studies	
VTT Technical Research Centre of Finland	Research and technology organization that develops innovative solutions in fields such as energy, materials, digital technologies, sustainability and applied physics	Finland, Espoo	https://www.vttresearch.com/en/careers/looking-join-vtt-trainee-or-thesis-worker	Internship within the Erasmus+ framework
GANIL	Nuclear-Physics facility that operates heavy-ion accelerators to study nuclear structure, reactions, and applications in materials and radiation sciences	France, Caen	https://www.ganil-spiral2.eu/jobs/internships/master-2-internships-research/	Different opportunities with different opportunities
ITER Organization	Research project	France, Saint-Paul-lez-Durance	https://www.iter.org/public/jobs/internships	Fluency in English
European Synchrotron Radiation Facility (ESRF)	X-ray research center	France, Grenoble	https://www.esrf.fr/home/careers/traineeships-bis.html	N/A
Airbus Group	Aerospace company that designs and manufactures aircrafts, satellites, and defense systems	France (Various Locations)	https://www.airbus.com/en/careers/students-and-graduates/interns/internships-in-france	Different opportunities with different requirements
Deutsches Elektronen-Synchrotron DESY	Research center for fundamental science especially known for its large-scale particle accelerators and photon-science facilities	Germany, Hamburg	https://www.desy.de/karriere/praktikum/index_ger.html	Application must be submitted 8-10 months in advance
GSI Helmholtzzentrum für Schwerionenforschung GmbH	Research laboratory that operates particle accelerators to study nuclear and atomic physics, heavy-ion collisions, and applications such as materials research and medical physics	Germany, Darmstadt	https://www.gsi.de/jobskarriere/angebote_fuer_schuelerinnen/praktikum	N/A
German Research Centre for Geosciences (GFZ)	Research institut for Earth and geosciences	Germany, Potsdam	https://www.gfz.de/en/career/internship-and-voluntary-social-year	Contact the relevant researcher working in the interested are directly to request an internship

Organization Name	Type	County/City	Contact/Website	Requirements
Max Planck Institute for Gravitational Physics (Albert Einstein Institute)	Research institute dedicated to gravitational physics	Germany, Hannover	https://www.aei.mpg.de/student-internships	N/A
Max Planck Institute for Extraterrestrial Physics	Research institute that studies the physics of the universe, focusing on areas such as astrophysics	Germany, Garching	https://www.mpe.mpg.de/261588/for_students	Contact mpe@mpe.mpg.de for internship applications
Max Planck Institute for Plasma Physics	Research institute dedicated to studying plasma physics	Germany, Garching	https://www.ipp.mpg.de/17941/werkstudent	N/A
Max Planck Institut für Quantenoptik	Research institute specializing in quantum optics, laser physics, ultracold atoms, quantum information, and fundamental quantum science	Germany, Garching	https://www.mpg.mpg.de/4018688/students	Contact the respective academic department or research group directly if you are interested
Max Planck Institute for Chemical Energy Conversion	Research institute dedicated to understanding and developing chemical processes related to energy conversion, including catalyst, electrochemistry, and molecular mechanisms of energy transformations	Germany, Mülheim an der Ruhr	https://www.cec.mpg.de/en/career/internships	N/A
Rhode & Schwarz	Technology company	Germany, Munich	https://www.rohde-schwarz.com/de/karriere/studierende/studierende_253005.html	Internship duration: maximum of 3 months; Apply at least 3 months before
European Southern Observatory (ESO)	Research organization for ground-based astronomy	Germany, Garching	https://recruitment.eso.org/	Different opportunities with different requirements
Institute of Software Technology (DLR)	Research center for aerospace	Germany, Cologne	https://www.dlr.de/en/sc/careers-education/information-for-students	N/A
SCHOTT	Technology company specializing in glass and glass ceramic materials	Germany, Mainz	https://www.schott.com/en-gb/careers/entry-levels/students?selected=ac93593826744014a2cd8664ae3d9151	Internship duration: minimum of 3 months; Very good English language knowledge; Above average grades; Different opportunities with different requirements
Fraunhofer Gesellschaft	Research organization with more than 70 institutes specializing in science, engineering, technology and applied mathematics.	Germany (Various Locations)	https://www.fraunhofer.de/de/jobs-und-karriere/studierende.html	N/A

Organization Name	Type	County/City	Contact/Website	Requirements
Konkoly Observatory	Astronomical research institute that studies stellar astrophysics	Hungary, Budapest	https://konkoly.hu/	Internships within the Erasmus+ framework; Contact individual faculty members (https://konkoly.hu/en/staff-members) or specific research group (https://konkoly.hu/en/research-groups) you are interested in directly
Consorzio RFX	Research institute that focuses on geosciences	Italy, Pisa	https://www.igi.cnr.it/formazione/erasmus-scuole-e-tirocini/	Internship duration: maximum of 6 months
University of Modena and Reggio Emilia (UNIMORE)	Public university offering internships for the department of Physics, Informatics and Mathematics (FIM)	Italy, Modena	https://www.unimore.it/it	Internship within the Erasmus+ framework
ASML	Company that designs and manufactures advances lithography machines	Netherlands, Veldhoven	https://www.asml.com/en/careers/students-new-graduates/netherlands/internships	Paid internship; Good communication skills in English (Verbal and written)
NIKHEF	National Institute for Subatomic Physics	Netherlands, Amsterdam	https://www.nikhef.nl/stages-en-afstuderen/	Applicants must be enrolled in a Masters program
International Iberian Nontechnical Laboratory	Research laboratory dedicated to nano science and nanotechnology	Portugal, Braga	https://www.careers.inl.int/academic-opportunities	N/A
Plasma Physics and Nuclear Fusion Institute (IPFN)	Research institute that conducts research in plasma physics, nuclear fusion, energy systems, and related technologies	Portugal, Lisboa	https://www.ipfn.tecnico.ulisboa.pt/contact-us	Internship within the Erasmus+ framework
Institute of Geophysics, Polish Academy of Sciences (IG PAN)	Research institute focusing on geophysical sciences	Poland, Warsaw	https://www.igf.edu.pl/en/career/praktyki-i-staze-naukowe-en/	N/A
CERN	Center for scientific research	Switzerland, Geneva	https://www.smartrecruiters.com/CERN/744000085340719-short-term-internship-2026	Good working proficiency in English and/or French; Internship duration: 1-6 months; Paid internship
International Business Machines Corporation - IBM Research	IBM Research is the global research arm of IBM, developing cutting-edge technologies in AI, quantum computing, and data science	Switzerland, Zurich	https://www.ibm.com/careers/internships	Different opportunities with different requirements
Center for Energy and Environmental Sciences (PSI)	Research center for natural and engineering sciences	Switzerland, Villigen	https://www.psi.ch/en/cee/semester-project-topics	N/A

Organization Name	Type	County/City	Contact/Website	Requirements
Institute of Photonic Sciences (ICFO)	Research institute specializing in photonics, quantum technologies, nanotechnology, and optical sciences,...	Spain, Barcelona	https://jobs.icfo.eu/	Internships within the Erasmus+ framework
Instituto de Astrofísica de Canarias	Astronomy research institutes, conducting research in astrophysics, cosmology, solar physics and astronomical instrumentation	Spain, Canary Islands, Tenerife	https://www.iac.es/en/postgraduate-training/internships	Internships within the Erasmus+ framework
KTH Plasma Physics & Fusion Group	Technical University	Sweden, Stockholm	https://www.kth.se/en/studies/exchange/internship-1.559346?utm_source=en-ingang&utm_medium=email&utm_campaign=en-ingang	Contact the department for internship applications
Siemens UK	Technology and engineering company	United Kingdom (Various Locations)	https://www.siemens.com/uk/en/company/jobs/search-careers/internships.html	N/A
The European Space Agency (ESA)	Intergovernmental organization that coordinates Europe's space exploration and research activities	Various Locations	https://www.esa.int/About_Us/Careers_at_ESA/Student_Internships2	Students preferably in their final or second-to-last year of a university course at Masters level; Internship duration: between three and six months; Paid internship
Siemens	Technology and engineering company	Various Locations	https://www.siemens.com/uk/en/company/jobs/search-careers/internships.html	Different opportunities with different requirements
Infineon Technologies Group	Company that develops microchips and technologies	Various Locations	https://www.infineon.com/careers/students-graduates/students	Different opportunities with different environment
ABB	Technology company that develops advanced solutions in electrification, robotics, automation, and power systems	Various Locations	https://careers.abb/global/en/students	Internship duration: minimum of 2 months to maximum of 2 years; Different opportunities with different requirements
